2020 Lugana DOC \$22.95

Piedmont

Dogliani

Azienda Agricola Caraglio www.aacen.altervista.org Dogliani is a region in Piedmont which falls into the Langhe but is renowned for its Dolcetto as shown by its DOCG.

2017 Dogliani Dolcetto DOCG "Surimatin" \$18.95

Dolcetto refers to the little sweet one. Known for lower tannins and bright fresh acidity. Surimatin is Piedmontese dialect referring to the vineyard's slope/exposure. It receives sun from first thing in the morning which results in a riper grape. Bunch thinning combined with a longer maceration period results in a richer red fruit profile that will taste great now but can also age.

2016 Langhe, Nebbiolo DOC \$21.50

Aromas of rose and Sweet Basil. The alcohol and tannins are perfectly balanced. A great example of Nebbiolo that can be enjoyed now or continue to age and evolve.

2020 Langhe, Nascetta DOC \$21.95

An overlooked native white grape from Piedmont in Italy. Known for pronounced floral aromas (acacia blossom) and fruit notes (apple, grapefruit, pineapple). Fresh, crisp, dry white with hints of candied ginger and pineapple. Deep lemon colour leads you to assume big oak or sugar, but you find neither of those elements on the palate. A great Chablis alternative.
